Statement of Acknowledgement

Welcome to the Holistic Healing Arts Centre. The Naturopathic system of health care is centered around and supportive of your body's own ability to heal. Naturopathy uses noninvasive methods for the assessment of bodily functions and natural therapies for correction, including dietary recommendations, lifestyle changes, acupuncture, bodywork, and remedies and/or supplements.

Each person seeking care in our clinic should understand that we are naturopathic doctors and not medical doctors. We work within a naturopathic scope of practice. If conventional medical treatment is desired, it must be obtained from a licensed medical doctor. We encourage you not to abandon contact with your medical doctor. Treatment and referral to other health practitioners, if needed, is based upon clinical assessment and laboratory testing.

If at any time, during your course of treatment, you would like to receive services from a different clinician, please ask. In order to maintain consistency and quality of care, an administrative fee will apply when transferring between naturopathic doctors.

There is an emphasis on patient education, as the ultimate responsibility for the patient's health is his/her own. Changes in dietary habits are not a prerequisite for treatment, but it should be understood that failure to follow sound nutritional and exercise programs could undermine the positive results.

The patient is responsible for any fees incurred during care and treatment and agrees to fully discharge this responsibility at the time of the visit. If you have not been in for an appointment in the last 24 months a reactivation fee will apply. A fee of \$25.00 will be charged for any appointment missed without at least a 24-hour cancellation notice.

The patient accepts or rejects this care of his/her own free will and choice.

I, _____ have read, understood, and acknowledge the above statements.
